EDUCATION

MIVA OPEN UNIVERSITY

BSc in Software Engineering

Nigeria

Sep 2023 - Present

- **Cumulative GPA:** 5.0/5.0
- **Relevant Coursework:** Web Application Development, Computer Programming, Data Structures & Algorithms, Software Engineering Process, Object-Oriented Analysis & Design, Sustainable Computing, Digital Logic Design, Systems Analysis & Design
- **Clubs:** Miva Women In Tech

RELEVANT EXPERIENCE

TECHNOVATION

Student Ambassador

Nigeria

Nov 2024 – Present

- Recruited and mentored aspiring young developers, guiding them in mobile and web app development.
- Taught programming concepts, debugging, and testing techniques to help teams refine their app solutions.
- Assisted participants in idea validation, UI/UX design, and business plan/user adoption plan development.
- Supported teams with methods and tools to create pitch and technical videos for their project submissions.

STERLING BANK

Software Engineering Intern

Nigeria

Oct 2024 – Jan 2025

- Strengthened proficiency in JavaScript and mastered the basics of React.js through hands-on projects and training.
- Developed mini web applications like a Gradebook App and a Productivity tool using HTML, CSS, JavaScript, and React.js.
- Gained insights into banking software infrastructure and security considerations.
- Completed debugging exercises to learn how to troubleshoot codes and improve software efficiency and performance.

TECHNOVATION

Team Leader & Mobile Developer

Nigeria

Oct 2022 – July 2024

- Participated and led a team of girls in the 2023 and 2024 seasons of the Technovation Girls Challenge.
- 2023: Led a team of girls in my community to the quarterfinals with an e-voting app built with App Inventor to end the electoral violence in our country, Nigeria.
- 2024: Led a global team across 3 continents to build a collaboration tool for youth-driven UNSDG projects, and became semifinalists.
- Managed fullstack app development, learning a new tech stack including Flutter, while coordinating tasks across timezones.
- Designed mobile app UI/UX and implemented key functionalities for a stable prototype.
- Navigated cross-cultural collaboration, project management, and Agile development to ensure team success.

ADDITIONAL

Technical Skills: JavaScript, React.js, Flutter, HTML/CSS, Python, C++, Git, GitHub, Figma (UI/UX)

Languages: Fluent in English; Conversational Proficiency in French

Certifications & Training: FreeCodeCamp Responsive Web Design

Awards: 2023 Technovation Girls Quarterfinalist; 2024 Technovation Girls Semifinalist
